

Software Application Support: **Parent Portal**

ICT Services North Vancouver School District

In the Family Portal parents/guardians with an account can View/Save/Print their student(s) Report Cards.

A video of the instructions below is available on the school's website. Please see instructions from the school sent to you with your login and password.

Accounts will be created for parent/guardians that have provided an email address to the school. A username (same as email) and a temporary password will be emailed to that address.

Pop Ups should be enabled for some features of the site to work properly.

The Login ID will be a parent's email they provided to the school. An email will be sent with a temporary password when accounts are created.

If you login and do not see the report card it is because the school is likely still in the process of posting reports. Please be patient and check back later.

Once a link to the report card appears, you can view it by clicking on it.

You will be provided with the options of Open or Save ability. Depending on your computer's settings you may see the ability to print via a PDF appear, you may only be able to save – this piece is totally dependent on your computer.
